

Mrs. Pyles Middle School Bible

bpyles@pcalions.org

June 2018

Once more the school year has ended. However, Bible study can continue! The lessons we learned over the past nine months about the fruit of the spirit, integrity, building a relationship with God, and guarding our lips are valuable lessons to remember as you enjoy the summer. I encourage each of my students to spend time daily with God through Bible reading and prayer. Also, don't forget the Scripture verses you memorized this past year. Review them frequently until they become a part of your thinking.

God bless you this summer,

Mrs. Pyles
