

# Nature of the Learner

In every area of study, we want to help students to understand God's perspective and think His thoughts after Him. To do this, they must grow in their knowledge of the Word of God and learn the mind of Christ. They must learn to reason in terms of biblical truth, and develop a truly consistent biblical worldview. They must be taught how to rightly discern and judge all things in the light of Scripture. Christian education fails if it does not instill the pattern of thinking after God's words and logic.
